

RIVER NORTH DOG PARK

CLEAN UP THE BARK IN THE PARK!

It has come to our attention that the bark, so generously laid down by area residents, may be harmful to our pets if eaten or swallowed. The bark may breed larvae, bacteria, and infection if urinated on and then ingested.

The River North Dog Park Association is organizing a clean-up effort to clean the Larabee St. dog park and would like to request your assistance on:

Saturday, September 23rd from 9:30 am-11:30 am.

Please contact Kristin Heyl (312-836-0281) if you can bring any of the following items:

Items of Need:

- Several large, sturdy black trash bags
- Several rakes
- Shovels (or large dust pans)
- Working or dishwashing gloves
- Antibacterial hand gel
- Paper towels
- Gallon of water

Coffee and muffins will be provided!

If you are interested in participating, or would like more information about the River North Dog Association, please contact:
